**Therm O Web introduces new Vellum Adhesive Runner!**

Therm O Web is proud to introduce a new runner to its collection of adhesives. In addition to being virtually invisible under most vellums, the Vellum Adhesive Runner also works well to adhere transparencies to your projects! Finally, a vellum adhesive that is easy to dispense, easy to adhere, and creates a clear, strong bond! It comes in a clear/blue plastic dispenser that holds 45 feet of Vellum Adhesive. Therm O Web will be demonstrating the Vellum Adhesive Runner at CHA Winter, January 30 – February 2, 2006. Stop by booth #2208 and try it for yourself.

Therm O Web Adhesives is a family owned company providing almost 35 years of experience in adhesive manufacturing. Therm O Web has a successful history manufacturing adhesives for multiple craft disciplines including; fabric crafts, quilting, scrapbooking, card making, altered arts and others. Their family of adhesives holds such famed products as HeatnBond, Zots, Zips, Memory Tape Runner XL, SuperTape, PeelnStick, and Iron-on Vinyl.

Memories In Motion International, a division of Therm O Web, Inc. was created to offer upscale scrap totes, in fashionable colors that are in line with today's trends. There are four tote styles in the MiMi line that include two shoulder totes: The Essential Tool Tote, and Travelmate, and two wheeled totes: Medium and Large, all of which are soft-sided and collapsible. Each tote has a unique design that sets it apart from any other competitor bag on the market. All MiMi totes have water resistant fabric, contrast stitching and are offered in ultra fashionable colors with chocolate accents and basic black. Make sure to keep your eye out for future colors and styles.
