

FOR IMMEDIATE RELEASE:

**Therm O Web Adhesives & Interfacing to exhibit at International Quilt Market**

*Wheeling, Illinois – October 2010* – Therm O Web Adhesives, the makers of HeatnBond® Iron-On Adhesives, will be attending the International Quilt Market this October in Houston, TX.

Therm O Web will be exhibiting their entire line of sewing adhesives including long loved items such as: HeatnBond® Ultrahold, HeatnBond® Lite, HeatnBond® Iron-on Vinyl, PeelnStick™ Fabric Fuse. As well as the introduction of HeatnBond® and StitchnSew™ Interfacings, Fleece, Embroidery Stabilizers, Reusable Pattern Material and Fusible Quilter's Grid! Visit Therm O Web Adhesives & Interfacings at booth #1912 and 2013 for more information about any of their products.

International Quilt Market, [www.quilts.com](http://www.quilts.com), provides an opportunity for the textile and fabric industries to build relationships and business by meeting industry vendors, reviewing new products, and learning about industry trends.

The event, open to trade members only, will take place October 30 – November 1, 2010 at the George R. Brown Convention Center. The Quilt Festival taking place after the tradeshow is open to the general public.

Therm O Web Adhesives is a family owned and operated business providing over 35 years of experience in adhesive manufacturing. Therm O Web has a successful history manufacturing adhesives for multiple craft disciplines including: fabric crafts, quilting, tailoring, scrapbooking, card making, altered arts and more. Their family of adhesives holds such famed product lines as: HeatnBond® Iron-on Adhesive, StitchnSew®, Zots® Adhesive Dots, SuperTape™, PeelnStick™, PeelnStick™ Fabric Fuse and Iron-on Vinyl.
